about the

NORTHWOODS VETERANS HOMESTEAD:

Northwoods Veterans Homestead, a reputable 501(c)(3) non-profit, is dedicated to aiding Wisconsin's homeless veterans, addressing the needs of the 337 homeless veterans identified in the state in 2020. With Wisconsin having only one veteran-specific homeless shelter in Racine and another developing in Milwaukee, Northwoods Veterans Homestead will pioneer the first such operation in northern Wisconsin, offering a community center, sixteen tiny homes, a veterans' market, and a community garden. Our holistic approach includes essential life skills training, personalized support, and collaboration with community partners to provide healthcare, legal aid, and counseling. Join us in making a lasting impact on Wisconsin's homeless veterans, ensuring they receive the support needed to regain self-sufficiency and contribute to their communities.
